Now, therefore, I. BENJAMIN FRANKLIN PERRY, Provisional Governor of the State of South Carolina, do proclaim, order and decure, that there shall be formed and organical in each Judicial District one or more militia companies for a home police, to act under and be auxiliary to the military garrison of such District in proventing crimes and preserve the peace of the District. The companies will consist of a Capitain and three Lieutenants and eighty men, scattered over the District so as to be easily accessible from all points where any disturbance may occur. When the companies are formed, they will report, through their Captains, to the respective Brigadier-Generals commanding in South Carolina, and to the Provost Marshals at the respective Court Houses, and from them receive their orders. When arrests have been made, they will turn the ofarrests have been made, they will turn the of-fenders over to the civil authorities, or bring them before the Provost Court Marshal for them hefore the Provose Court manages are trial and punishment, according to the terms of agreement, between Generals Meade and Gilmore and myself as to the respective juris-dictions of the civil and military authorities

dictions of the civil and military authorities in South Carolina.

This police quard will be voluntary in its organization, and should be composed of none but discreet persons of standing and character is the community, who are willing to tender their services promptly when the occasion requires. It is thought that the bare organization of such forces throughout the State, will have a most salutary influence in preserving pence and order and preventing crime. The evil-doers will know that there is power, ready at hand, to arrest them and bring them to justice. It is to be heped that all good citizens will cheerfully render this service. It should be a post of honor, as it is, to guard and protect the country.
